As a Make-up Artist I produce work which accurately reflects the look and feel of the project. I have a calm, organised approach to my role and am happy working on projects big or small either as a stand-alone artist or as part of a larger team.

Key Skills

- **Make-up:** extensive experience in make-up application for all skin tones & all film/digital formats, including TV, Theatre, Historical, Photographic, Beauty and Corrective.
- **Prosthetics:** including handcrafted out of kit casualty effects, silicone appliance and Pro-Bondo application & maintenance, aging & dirtying down. Moulding (fiberglass & Resin) & sculpting.
- **Male Grooming:** corrective make-up & grooming techniques
- **Children:** makeup & hairstyling techniques for children.
- **Hairstyling:** contemporary hairstyling, application of lace & hand laid facial hair, hard & lace fronted wigs
- **Sustainability:** Key to my working practice. I am passionate about working sustainably, conscious of the environmental and carbon impact of myself and my work.
- **Management:** Experience of running small to mid-size departments, managing a number of staff working in a variety of capacities across hair and makeup.
- **Budgeting:** Extensive experience of budgeting for a range of production scales.
- **Continuity:** Excellent & precise continuity skills: recording make-up continuity, maintaining & establishing records & following pre-established designs
- **Script:** Confident at script breakdown & character design. Interpretation of scripts, liaising with director & production teams, test shoots etc.
